

## REQUEST FOR QUALIFICATIONS

### Town of Haw River

#### LANG STREET PUMP STATION REPLACEMENT Professional Services – Civil Engineering Services

### INTRODUCTION

The Town of Haw River, hereafter referred as the “Town” is requesting qualified professional engineering firms to submit a statement of qualifications to provide engineering services for the Lang Street Pump Station replacement project.

### BACKGROUND

Originally constructed in 1980, the existing Lang Street Pump Station captures all gravity sewer flow within the Town limits on the west side of the Haw River. Flow from the station is pumped through a shared force main directly to the East Burlington wastewater treatment plant at a rate of approximately 400 gallons per minute (gpm). While the existing pump station has served the Town well since it was constructed, it is located within the 100-year floodplain of the Haw River and has reached the end of its effective service life. The Town plans to construct the new Lang Street Pump Station adjacent to the existing station, while incorporating additional safeguards to protect against the floodwaters of the Haw River. The new station will be designed with 700 gpm pumps to provide additional capacity to serve future development within the sewershed.

The Town of Haw River has applied for and been awarded a grant from the State Water Infrastructure Authority via the American Rescue Plan Act funding from the State Fiscal Recovery Fund established in S.L. 2021-180. Projects funded from the State Fiscal Recovery Fund must meet applicable federal law and guidance for the ARPA funds.

### OBJECTIVES

The Town intends to hire a professional engineering firm to assist the Town with the following aspects of the project. These tasks will include, but are not limited to:

- Grant Administration.
- Preparation of Engineering/Environmental Report to NC DWI Standards.
- Final Design of the Project.
- Completion of Bid Documents including Specifications and Design Drawings for the project.
- Applicable permitting through authorities having jurisdiction.
- Bidding and Recommendation of Award.
- Construction Observation and Administration.
- Construction and Grant Closeout.

### ADDITIONAL INFORMATION

The selected consultant should be prepared to meet the Liability Insurance requirements of the Town. Project scope, duration, and terms shall be negotiated with the selected consultant. The Town may choose to reduce or expand the scope within this contract based on project cost and available funds.

### CONTENTS OF RESPONSE

This Request for Qualifications is intended to provide consultants with an opportunity to demonstrate their ability to perform the required tasks. The content of the response should respond to information presented in this Request for Qualifications. The Town will require **one (1) original and two (2) copies** of the responses from all interested firms. All responses shall be printed front and back and shall not exceed 10 (8½” x 11”) pages of print (5 pages of paper) and must contain the following information:

1. Cover

2. Cover Letter.
3. Table of Contents.
4. Background information about the Consultant Firm.
5. A proposed project schedule identifying length of time required for each phase of the work.
6. A description of the background, experience, and qualifications of the project team including identification of the project manager, project engineer, and other key team members. Include an organizational chart showing the proposed project personnel and office location.
7. Similar projects completed by the firm.
8. Other Grant Funded and General Sanitary Sewer Pump Station Projects.
9. Other Town of Haw River Projects.
10. References.
11. Resumes of Key Team Members.

The Cover, Cover Letter, Table of Contents, and Resumes of Team Members will not be counted within the page limit.

### **METHOD OF SELECTION**

Responses will be reviewed by the Town for the purpose of identifying and recommending those individuals offering, in total, the highest qualifications and experience with this type of project. The individuals or firms recommended may also be interviewed by members of the evaluation team for the express intention of recommending a final short list of individuals or firms, however, such is not required. It is anticipated that a notice to proceed will be issued in the first quarter of 2023.

The responses will be evaluated on various criteria including, but not limited to the following:

1. Qualifications, background, and prior experience of the firm and the proposed project team in executing similar projects.
2. Previous Experience with Grant Funded Projects.
3. Previous Experience with the Town of Haw River on sewer projects and large infrastructure projects.
4. Team member roles, experience, and office location.
5. Content, technical approach and understanding of the scope of the project.
6. Other items contained within the RFQ.

### **SUBMITTAL**

Please submit your Qualifications in a sealed envelope or package, to be received by the Town **no later than 2:00 PM, Wednesday, December 21<sup>st</sup>** to the attention of:

**Sean Tencer, Town Manager  
Town of Haw River  
P.O. Box 103  
Haw River, NC 27258**

In the interest of fairness to all submitting firms, proposals received after the scheduled receipt time stated above will not be accepted and will be marked "LATE". All submittals received become the property of the Town and will not be returned. Faxed or e-mailed documents will not be accepted. Early submission of Qualifications is welcome and appreciated.

### **CONTACT PERSON**

In the event clarification or additional information is needed, contact:
