

The Governor's Executive Orders No. 124 / 142, regarding financial restrictions on utility providers during the COVID-19 crisis, expired on July 29th. The sections of those orders requiring residential water/sewer repayment plans of at least six months will remain in place. Any past due customers will be sent a payment plan, divided into six equal monthly payments.

Payment plans DO NOT cover new monthly bills, charges, fees, etc. and all new bills are due and payable on or before the due date. Failure to make scheduled payments for a Payment Plan will result in the Payment Plan agreement being declared null and void, and the customer may become subject to disconnection of service, late penalties, and acceleration of all unpaid amounts due.

Regular disconnection fees will resume effective August 31st.
